

GCSI continues to be recognized as Michigan's #1 lobbying firm – by a wide margin

Governmental Consultant Services, Inc. (GCSI) has again been voted the “most effective” multi-client lobbying firm in the highly respected 2017 *MIRS/EPIC-MRA* Insider Survey by close to a 3-1 margin over the second-place finisher. GCSI has held the #1 ranking since 2004.

In addition, GCSI lobbyists Steve Young and Mike Hawks swept the 1st and 2nd positions in the “most effective” single multi-client lobbyist category.

Steve Young was again ranked the single most effective multi-client lobbyist in the State. This is the third straight survey that Steve has been ranked the most effective lobbyist.

Mike Hawks was ranked the 2nd most effective multi-client lobbyist in the State, moving up from a 3rd place finish in the 2015 survey.

In addition, many members of GCSI's top lobbying team were ranked very high among the nearly 3,000 registered lobbyists in Michigan.

This bi-annual survey conducted by the highest ranked news organization covering the Capitol (*MIRS*) asks hundreds of lawmakers, executive branch officials, department personnel, lobbyists and association executives to rank the most effective players in Lansing.

Thank you to our valued clients and those that voted for our firm. We greatly appreciate your continued support!
